OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 27 April 1966

25X1 1. [ ] JGO) Received a call from Maxine Hyde, personal secretary to Senator Peter H. Dominick (R. -Colo.) who advised that the Senator would be very pleased to visit the Headquarters Building on Friday, May sixth, for a breakfast meeting with the Director. The Director's office has been advised of this confirmation.

25X1 2. [ ] - JGO) I received a call from [ ] ORR, 25X1A alerting us that a suggestion has been received from Mr. R.V. Mrozinski, Aerospace Assistant, Department of Defense, that copies of a recent study by the office concerning installations in the USSR be made available to Senator Clinton Anderson (D. -N.M.) and Representative George Miller (D. -Calif.), the Chairmen respectively of the Senate and House Space Committees. Further information on the subject will developed by the Office of ORR.

25X1 3. [ ] - JGO) Met with Mr. John Sullivan, Administrative Assistant to Senator Daniel Brewster (D. -Md.) as a follow-up to my conversation of last week with the Senator. Mr. Sullivan advises that the Senator is a member of the Board of Visitors of the Academy and has his time fairly well committed to that activity over the next week or so. Mr. Sullivan will call and advise a possible date for breakfast.

25X1 4. [ ] JGO) Met with Mr. Charles Johnson, Staff Director of the House Post Office and Civil Service Committee and reviewed with him in general terms H.R. 14590, a bill "To amend the Central Intelligence Agency Act of 1949, as amended, and for other purposes." Mr. Johnson noted his appreciation that the Agency continues to keep him abreast of matters relating to the Committee responsibilities. He also noted that he will assign this item to Mr. John Martini, Counsel to the Committee, for review. Normally such bills would be in the province of Mr. B. B. Bray, Associate Staff Director. Mr. Johnson advised in passing that there had been considerable discussion in the Manpower Subcommittee this year about Central Intelligence personnel, grade structure, supergrades, and related matters, which was generated in large part by Mr. H.R. Gross, the ranking minority member of the Subcommittee. The discussions were concluded with a determination not to call the Agency this year but that some consideration might be given to requesting Agency testimony on these matters, next.
